2014 MX

2014 marks the second year JT Racing brings its innovative next generation collection to the motocross market. Back for another round of premium performance is the one of a kind ProTek series, offering nothing but the best by every measure. All new for 2014 is the entry level FLEX series, available in adult and youth sizes and constructed with the same rigorous testing standards as the rest of our offerings. Bridging the gap, we have taken the foundation of our mid-level Evo-Lite edition and added even more embellishment, giving birth to HyperLite.
